

Dear Parent(s) and Guardian(s),

As you are aware, the PCTI 2018 Back to School Night is scheduled for Thursday, October 11. The PCTI administration has discussed the persistent issue of crowd size, traffic, parking, and the practicality of our Back to School Night. These discussions have resulted in a significant modification in the October 11 Back to School Night design.

The 2018 Back to School Night will be for parents and guardians of grade 9 students only. Parents and guardians of grade 10 through 12 students are encouraged to remain in contact with teachers (via [PowerSchool](#)), [Counselors](#), or [Case Managers](#) with regard to any questions or concerns. Parents and guardians are also free to arrange meetings with teachers (through the counselors) should any questions need addressing. The PCTI website also contains an extraordinary amount of information about our courses and curriculum (this information can be [found here](#)).

For Grade 9 parents, the classroom visitation portion of our program will begin promptly at 6:30 p.m.

The schedule for classroom visits (**for non-STEM Academy grade 9 parents and guardians**) is as follows:

Please note the following:

1. Due to the large number of parents and guardians expected, we will not begin the evening with a gathering in the auditoriums or gymnasiums. We want you to focus your efforts on meeting teachers, not hearing speeches.
2. The PCTI Bullpen will not be open for the purchase of apparel
3. During your child's scheduled lunch time, there will be no gathering in the cafeterias
4. We will have administrators and some students assisting parents and guardians around the campus - getting to classrooms can be challenging.
5. Your child should provide you with a period by period listing of teachers and room numbers so that getting around campus will be a little easier.

We look forward to seeing all grade 9 parents and guardians on October 11.
