

# Passaic County Technical Institute

45 Reinhardt Road Wayne, NJ 07470

Telephone: (973) 790-6000

## Windows Setup

1. Install the **“PCTI Enterprise Root CA 2”** Certificate
2. Click **“Next”** to continue
3. Click **“Next”** to continue
4. Click **“Finish”**, the Certificate is now installed
5. Connect to the **“PCTI-One”** Wireless Network
6. Log in using the following information
  - a. Username – **ID Number**
  - b. Password – **Your Current PCTI Password**
7. Open up a new browser window
8. Click **“Accept and Start”** on the **“PCTI Device Registration”** screen
9. Under the **“Device Registration”** screen type in any desired name for your device. The Description is optional
10. Click **“Continue”**
11. When you reach the success screen, a download for **“Cisco Network Setup Assistant”** will pop up
12. Click **“Run”**
13. When the program opens, click **“Start”**
14. Click **“Yes”**
15. Click **“Yes”** (This installs the Certificate)
16. Exit the **“Network Assistant”**
17. Disconnect and Reconnect to the Network
18. Go back to the browser window and go to an internal PCTI page, for example **“bb.pcti.tec.nj.us”**
19. Click **“Continue to this website (not recommended)”**
20. Click **“Start”** to run the **“Security Check”**
21. After the 10 seconds **“Cisco AnyConnect”** will open
22. This will install the **“Cisco AnyConnect Secure Mobility Client”**, which will run a scan.
23. If your computer fails the scan you will have limited connectivity and will not be able access internal PCTI pages.

Steps 1-4 are only necessary for a Windows 7 device. You can find and download the certificate on this website: [www.pcti.tec.nj.us/byod](http://www.pcti.tec.nj.us/byod)
