ACCEPTABLE USE OF COMPUTER NETWORK/COMPUTERS AND RESOURCES

Pupils are responsible for good behavior on computer networks/computers just as they are in a classroom or a school hallway. Communications on the computer network/computers are often public in nature. Policies and Regulations governing behavior and communications apply. The school district's networks, Internet access and computers are provided for pupils to conduct research and communicate with others. Access to computer network services/computers is given to pupils who agree to act in a considerate and responsible manner. Parent permission is required.

Network access is a privilege, not a right. Access entails responsibility. Individual users of the district computer network/computers are responsible for their behavior and communications over the computer network/computers. It is presumed that users will comply with district standards and will honor the agreements they have signed. Beyond the clarification of such standards, the district is not responsible for the actions of individuals utilizing the computer network/computers who violate the policies and regulations of the Board.

Computer network/computer storage areas shall be treated in the same manner as other school storage facilities. Computer network/computer administrators may review files and communications to maintain system integrity and ensure that users are using the system responsibly. Users should not expect that files stored on district servers will always be private.

Within reason, freedom of speech and access to information will be honored. During school, teachers of younger pupils will guide them toward appropriate materials. Outside of school, families bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, radio and other potentially offensive media. Behavior including but not limited to the following are prohibited:

- Sending or displaying offensive messages or pictures;
- Using obscene language and/or accessing visual depictions that are obscene as defined in section 1460 of Title 18, United States Code;
- Using or accessing visual depictions that are child pornography, as defined in section 2256 of Title 18, United States Code;
- Using or accessing visual depictions that are harmful to minors including any pictures, images, graphic image file or other visual depiction that taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
- Depicts, describes, or represents in a patently offensive way, with respect to what is suitable for minors, sexual acts or conduct; or taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- Harassing, insulting or attacking others;
- Damaging computers, computer systems or computer network/computers;
- Violating copyright laws;
- Using another's password;
- Trespassing in another's folders, work or files;
- Intentionally wasting limited resources;
- Employing the network/computers for commercial purposes; and/or
- Engaging in other activities that do not advance the educational purposes for which computer network/computers are provided.

Information Content And Uses Of The System

Users agree not to publish on or over the system any information which violates or infringes upon the rights of any other person or any information which would be abusive, profane or sexually offensive to an average person, or which, without the approval of the system administrators, contains any advertising or any solicitation of other members to use goods or services. The user agrees not to use the facilities and capabilities of the system to conduct any business or solicit the performance of any activity, which is prohibited by law.

Because the school district provides, through connection to the Internet, access to other computer systems around the world, pupils and their parent(s) or legal guardian(s) understand that the Board and system administrators have no control over content. While most of the content available on the Internet is innocuous and much of it a valuable educational resource, some objectionable material exists. The Board will provide pupil access to Internet resources only in supervised environments and has taken steps to lock out objectionable areas to the extent possible, but potential dangers remain. Pupils and their parent(s) or legal guardian(s) are advised that some systems may contain defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal material. The Board and the system administrators do not condone the use of such materials and do not permit usage of such materials in the school environment. Parent(s) or legal guardian(s) having
accounts on the system should be aware of the existence of such materials and monitor home usage of the school district computer network. Pupils knowingly bringing such materials into the school environment will be disciplined in accordance with Board policies and regulations and such activities may result in termination of such pupil’s accounts on the computer network and their independent use of computers.

On-Line Conduct
Any action by a pupil or other user of the school district’s computer network/computers that is determined by a system administrator to constitute an inappropriate use of computer network/computers resources or to improperly restrict or inhibit other members from using and enjoying those resources is strictly prohibited and may result in limitation on or termination of an offending member’s account and other action in compliance with the Board policy and regulation. The user specifically agrees not to submit, publish, or display any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, or otherwise illegal material; nor shall a user encourage the use, sale, or distribution of controlled substances. Transmission of material, information or software in violation of any local, state or federal law is also prohibited and is a breach of the Consent and Waiver Agreement.

Users and their parent(s) or legal guardian(s) specifically agree to indemnify the Passaic County Technical Institute and the system administrators for any losses, costs, or damages, including reasonable attorney’s fees incurred by the Board relating to, or arising out of any breach of this section by the user. Computer network/computer resources are to be used by the user for his/her educational use only; commercial uses are strictly prohibited.

Software Libraries On The Network
Software libraries on the network are provided to pupils as an educational resource. No pupil may install, upload, or download software without the expressed consent of the system administrator. The system administrators, at their sole discretion, reserve the rights to refuse posting of files and to remove files. The system administrators, at their sole discretion, further reserve the right to immediately limit usage or terminate the account or take other action consistent with the Board's policies and regulations of a member who misuses the software libraries.

Real-Time, Interactive, Communication Areas
The system administrators, at their sole discretion, reserve the right to monitor and immediately limit the use of the computer network/computers or terminate the account of a member who misuses real-time conference features (talk/chat/Internet relay chat).

Email
All messages sent and received on the school district computer network must have an educational purpose and are subject to review. The Board reserves the right to cooperate fully with local, state, or federal officials in any investigation concerning or relating to any E-mail transmitted on the school district computer networks or computers.

Security
- Security on any computer system is a high priority, especially when the system involves many users. Passwords to the system should not be easily guessable by others, nor should they be words, which could be found in a dictionary. Students should immediately notify a system administrator if a password is lost or stolen, or if they have reason to believe that someone has obtained unauthorized access to their account. Any student identified as a security risk will have limitations placed on usage of the computer network/computers or may be terminated as a user and be subject to other disciplinary action.

Vandalism
- Vandalism will result in cancellation of system privileges and other disciplinary measures in compliance with the District's discipline code. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the system, or any of the agencies or other network/computers that are connected to the Internet backbone or of doing intentional damage to hardware or software on the system.

Printing
- The printing facilities of the computer network/computers should be used judiciously. Printing for other than educational purposes is prohibited.

Violations
- Violations of the Acceptable Use of Computer Network/Computers and Resources may result in a loss of access as well as other disciplinary or legal action. Disciplinary action shall be taken as indicated in Policy and Regulation No. 2361, Acceptable Use of Computer Network/Computers and Resources, No. 5600, Pupil Discipline, No. 5610, Suspension and No. 5620, Expulsion as well as possible legal action and reports to
the legal authorities and entities.

**Determination Of Consequences For Violations**
- The particular consequences for violations of this policy shall be determined by the Technology Department Manager in matters relating to the use of computer networks/computers and by the Principal in matters of school suspension. The Superintendent or designee and the Board shall determine when school expulsion and/or legal action or actions by the authorities are the appropriate course of action.

Individuals violating this policy shall be subject to the consequences as indicated in Regulation No. 2361 and other appropriate discipline, which includes but are not limited to:
- Use of Computer Network/Computers only under direct supervision;
- Suspension of network privileges;
- Revocation of network privileges;
- Suspension of computer privileges;
- Revocation of computer privileges;
- Suspension from school;
- Expulsion from school; and/or legal action and prosecution by the authorities.

**AFFIRMATIVE ACTION/SEXUAL HARASSMENT**
Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, and verbal or physical contacts of a sexual nature that would not have happened but for the person's gender. Whenever such conduct is severe and pervasive and has the purpose or effect of unreasonably altering or interfering with school performance or creating an intimidating, hostile, or offensive learning environment, the student shall have cause for complaint. Any student, who believes that he or she is a victim of sexual harassment by another student or a school employee, must notify an administrator, faculty member, or counselor. All reports of harassment will be submitted to the Sexual Harassment Officer. The Officer shall identify and recommend the correction or removal of impermissible bias based on race, color, creed, religion, national origin, ancestry, age, marital status, affection or sexual orientation or sex, social or economic status, or disability. Disciplinary consequences will be imposed as per the district’s policies and discipline codes.

Sexual Harassment Officers:
- Mr. Nick Bucci (973) 389-4230
- Mrs. Candice Chaleff (973) 389-4197

**AFTER SCHOOL ACADEMIC ASSISTANCE**
PCTI provides an after-school Academic Assistance program Monday and Wednesday at 3:15 pm. Registration for the program is completed by the School Counseling Department via a permission slip endorsed by parents or guardians. Transportation home is provided for all participants.

**ALCOHOL AND DRUGS**
The drinking, use, or possession of any alcoholic beverage or controlled, dangerous substances (drugs) in the school or on the school grounds is prohibited by borough ordinance (#824), NJ Statutes, and Board of Education Policy #5530. Any student who drinks, uses, or possesses alcoholic beverages or controlled dangerous substances, or who is under the influence while on school property or at any school-related activity, shall be subject to suspension from school and a mandatory substance screen will be required. A parent/guardian conference will be required before reinstatement to school. Additional violations shall be subject to further suspension and possible recommendation to the board of education for expulsion. A report may also be made to the police department.

Pursuant to State law, students who are suspected of being under the influence of alcohol or drugs will be reported immediately to an administrator. The school nurse will be immediately informed and will conduct a preliminary physical examination. An administrator shall notify the parent/guardian and arrange for an immediate examination by a doctor. PCTI will assume the cost of such examination if the school’s selected provider is used. If the doctor is selected by the parent/guardian, the parent/guardian will assume the cost of such examination. If no doctor is available, the student shall be taken to the emergency room of the nearest hospital or medical out-patient facility for examination accompanied by the parent/guardian, if available, or an administrator. The pupil shall be examined and tested as soon as possible for the purpose of diagnosing whether or not the pupil is under such influence. The Commissioner of Education has stated that administrators do not have the discretion to investigate a referral to validate the observations made by the referring staff member or the reasonableness of the staff member’s conclusions. Administrators who have students referred to them for possible drug or alcohol use, must in every instance have them tested for alcohol and/or drugs and have them medically examined. Further action, including a report to the police, will be taken as outlined in Chapter 387, Laws of 1988, State of New Jersey, and the board’s Drug-Free School Zone Policy.

No student found to be under the influence of alcohol or drugs shall be returned to school until she/he has submitted
a doctor’s report certifying that the student is physically and mentally able to return. Any student who sells, or offers for sale, alcohol, drugs, or any controlled, dangerous substance on school property shall be reported to the police and charges will be filed by the principal or his/her designee. Suspension shall be immediate, and a recommendation shall be made to the board of education for expulsion from school.

ANTI-GANG ACTIVITY
The presence of members of gang associations and gang association activities on campus or at off-campus, school-sponsored activities is likely to cause a substantial disruption or material interference with school and school activities. A “gang” is defined as a group that identifies itself through the use of a name, unique appearance, or language, including hand signs, the claiming of geographical territory, or the espousing of a distinctive belief system that frequently results in criminal activity.

The following activities are prohibited at school or at school-related activities:
- No student shall wear or display clothing or other objects that are commonly considered evidence of membership or affiliation with any gang.
- No student shall commit any act, or use any speech, verbal or nonverbal, showing membership in, or affiliation with, a gang.
- No student shall commit any act that furthers gangs or gang activity including, but not limited to, wearing garb or displaying symbols directly associated with affiliation with a known local gang, soliciting others for membership in any gangs or inciting other students to act with physical violence upon any other person. Such acts are presumed to undermine the school’s basic mission, and will create an immediate danger to the orderly operation of the school.

ATHLETIC ELIGIBILITY/PARTICIPATION GUIDELINES
In order to participate in any athletic competition students must be present for a minimum of four school hours. Students assigned to ISS or OSS are not eligible to participate in practices or competitions until the assigned ISS or OSS is fulfilled. Participation in athletic competition is a privilege and may be revoked due to egregious behavior, poor attendance, or poor academic performance.

According to NJISAA regulations, to be eligible for athletic competition during the first semester (September 1 to January 31) of the 10th grade or higher, or the second year of attendance in the secondary school or beyond, a pupil must:
- Have passed 30 credits of the 120 required by the State of New Jersey for graduation during the immediately preceding academic year.

To be eligible for athletic competition during the second semester (Feb. 1 to June 30) of the 9th grade or higher, a pupil must:
- Have passed the equivalent of 15 credits of the 120 required by New Jersey for graduation Full-year courses shall be equated as one-half of the total credits to be gained for the full year to determine credits passed during the immediately preceding semester.

ATHLETIC INSURANCE
PCTI provides insurance to help cover accidental injury to students while participating in interscholastic athletics. Coverage is also provided for cheerleaders and those who perform with the marching band. This coverage, paid for by the board of education, provides payments on an excess basis only. This means that only that portion of the hospital and surgical expenses not covered by other insurance will be covered by this plan, up to policy limits. Other benefits are provided on a primary or non-excess basis.

ATTENDANCE
In order to participate in any athletic competition or extra-curricular activity or event, students must be present for a minimum of four school hours. Students assigned to ISS or OSS are not eligible to participate in practices or competitions until the assigned ISS or OSS is fulfilled. Participation in athletic competition or an extra-curricular activity or event is a privilege and may be revoked due to egregious behavior, poor attendance, or poor academic performance.

“Attendance” is a pupil’s presence in school and in the classroom/room to which he/she is assigned at the times scheduled for instruction or other school activities.
- A pupil will be considered to have attended school for the school day if he/she has been present at least four hours during the school day. However, the student will be counted as absent for any scheduled classes the student misses.
- A pupil not present in school because of his/her participation in an approved school activity (such as a field trip, meeting, cooperative education assignment, or athletic competition) will be considered to be in attendance.

Notice of a Pupil’s Absence
• In keeping with the Board of Education’s policy regarding student attendance, the following warnings and notifications have been implemented:
  • A daily automated telephone call to parent/guardian of an absent student via automatic telephone calling service.
    - Fifth (5th) absence: Parents notified via regular mail.
    - Tenth (10th) absence: Parent notified. Students under 17 will automatically be referred to their local Municipal Court for not regularly attending school (Title 18A:38-25). The Attendance Officer will hold a conference with the parent and student. The Guidance Counselor will also be notified and be included in this meeting.
    - Fifteenth (15th) absence: Parent notified by the Attendance Officer. A mandatory in-school parent conference is required. The Attendance Officer will develop an attendance contract for the student. The Guidance Counselor is notified.
    - Eighteenth (18th) absence: Parents notified of the loss of credit for the school year. A conference with the parent and student.
• Students who exceed the maximum number of days absent without valid/approved documentation will lose credit for the year and may be placed in an alternate educational setting for all periods for the remainder of the school year. Without valid/approved documentation on file no appeals process will be granted. Students who have accumulated more than 18 days absent may also be referred back to district.
• Students who exceed the maximum number of days absent will lose credit for the year. A letter will be sent to the parent informing that the child has been placed in “no credit” (NC) status.
• The parent will have five days from receipt of the letter to appeal the decision with evidence, e.g. approved medical notes, legal documentation, etc.
• No further appeals will be granted beyond this 5 day timeline; students may be placed in an alternate educational setting for the remainder of the school year as a result. Students that are 16 years of age or older may also be dropped from the rolls or referred back to their sending district.

Readmission to School After an Absence
• A pupil returning from a medical absence of any length must present a dated and signed document from a physician within ten (10) school days in order for the absence to be considered as “excused”.
• A note explaining a pupil’s absence for non-communicable illness for a period of more than five school days must be accompanied by a physician’s statement of the pupil’s illness.
• A pupil who has been absent by reason of having or being suspected of having a communicable disease must present to the school nurse written evidence of being free of communicable disease, in accordance with Policy No. 8451.
Assignments during absences
- A pupil who anticipates an excused absence due to a temporary or chronic health condition may be eligible for home instruction in accordance with Policy No. 2412. The parent(s) or legal guardian(s) or adult pupil must request home instruction.
- Pupils absent for any reason are expected to make up the work missed. The pupil is responsible for requesting missed assignments and any assistance required. Teachers will provide make-up assignments as necessary.
- A pupil who missed a test because of an excused absence shall be offered an opportunity to take the test within two days of his/her return to school.
- If the make-up work or test is not handed in within five days, the teacher shall notify the pupil’s parent(s) or legal guardian(s). An extension may be granted, if extenuating circumstances exist and the pupil shows initiative in seeking to complete the work, with the approval of the Principal. If there is a disagreement with regard to the definition of extenuating circumstances, the Principal shall have the final decision.
- Students on Home Instruction for an extended period of time will receive an Incomplete (I) for all coursework until such time as the teacher(s) can assess the student’s work and an appropriate determination of a grade can be made.

Denial of Course Credit
- The teacher will determine the credit to be awarded a pupil for make-up work, subject to the rules set forth in this section. Where class participation is a factor in the learning process, the teacher may consider a pupil’s absences in determining a final grade, except that absences for the observance of a pupil’s religious holiday or for a suspension from school cannot adversely affect the pupil’s grade. The teacher may record an incomplete grade, in accordance with Regulation No. 2624, for a pupil who has not had full opportunity to make up missed work.
- A student will be denied course credit when he/she has accumulated nine (9) or more unexcused absences of the class sessions for a half-year course and eighteen (18) or more unexcused absences from class sessions for a full-year course. Absences for the observance of religious holidays and absences caused by a pupil’s suspension will not count toward the total.

Pupils may be denied participation in co-curricular activities if their attendance fails to meet the standards set forth in Policy No. 2430.
- Pupils may be denied participation in athletic competitions or student activity competitions/events if their attendance fails to meet the standards set forth in Board Policy No. 2431.
- No pupil who is absent from school for observance of a religious holiday may be deprived of any award or of eligibility for or opportunity to compete for any award.

Appeal
- The parent(s)/guardian shall file a written appeal to the Assistant Principal within five school days of receiving notice of the action. The appeal should state the reasons for admitted absences, documentation that would reduce the number of absences, and reasons why the pupil should continue to be enrolled in the course and/or receive course credit.
- The Assistant Principal will schedule an appeal conference no later than seven working days after receiving the pupil’s appeal.
- If the parent(s)/guardian is not satisfied, he/she may submit a written request to the Principal for consideration by an Attendance Review Committee.

CLASS RANK
Class rank is computed for all students at the end of each semester.

CUSTODIAL RIGHTS
The law establishes the presumption that both parents share equally in the care and responsibility of their children, N.J.S.A. 9:2-4. The high school administration is justified in presuming, therefore, in the absence of notice to the contrary, that each natural or adoptive parent of a child has equal rights and responsibilities. We cannot presume as school officials that one parent or the other has been granted custody or that another custodial arrangement forecloses the rights of the non-custodial parent. We require that the parent who has assumed sole custody of the child bear the burden of rebutting the assumption established above. Please bring this information to the attention of the Principal’s office with all necessary supporting documentation as soon as possible.

CUTS TO CLASS
Every student is expected to attend all of his/her classes every day of the school year. One cannot expect to learn the material and get satisfactory grades unless she/he attends class on a regular basis and concentrates on all school-
work. PCTI does not permit or condone class “cuts”. A “cut” is defined as an unexcused absence based upon a pupil’s decision not to attend a full class session without prior administrative approval. Students will be issued at least one day of After School Detention (ASD) for each cut.

In addition to receiving After School Detention (ASD), cutting a class or being truant from school will result in a “zero” for any work assigned or due that day. If it is determined that a student cut a class when a test was given, the student will receive a zero on the test and will not be allowed to make up the work. Excessive cutting will result in removal from class. Other disciplinary consequences may be imposed at the discretion of the administration.

PCTI will consider any unauthorized or unexcused absence of 20 minutes or more during an assigned class period as being a cut. It is considered to be a deliberate action on the part of the student to avoid his/her scheduled responsibilities. Each student will be held fully responsible for his/her attendance. A student who has cut a class/shop four (4) times will not receive credit for that course and must complete a 120-hour make-up course to qualify for course credit.

NOTE: A half-year course will have a maximum of two (2) cuts prior to the loss of credit for the course. Physical Education will have a maximum of three cuts and Health/Driver’s Education courses will have a maximum of two cuts prior to loss of credit.

The following procedures will be followed regarding cuts:

First Cut
- Parent notification
- One Day ASD

Second Cut
- Parent notification
- One Day ASD
- Counselor notified

Third Cut
- Parent conference
- Notification sent home to parent indicating the possible loss of credit if one more cut is accrued.
- Two Days ASD
- Counselor notified

Fourth Cut
- Parent conference
- Student is issued Loss of Credit
- Counselor notified

A student cannot make up a loss of credit course due to cuts in our summer school program. Make-up programs may charge a fee to attend.

# DISORDER AND DEMONSTRATION

The Board recognizes the right of each pupil to attend school for the purpose of receiving an education. The disruption of the educational program by disorder or any other purposeful activity will not be tolerated. Disorder is any deliberate activity by an individual or a group, whether peaceful or violent, which interferes with the normal operation of the school. Pupils shall not be disturbed in the exercise of their constitutionally guaranteed rights to assemble peaceably and to express ideas and opinions, privately or publicly, provided that such exercise does not infringe on the rights of others and does not interfere with the operation of the school.

Activities which shall be disallowed by the Board includes those which:
- Materially disrupt class work or cause substantial disorder or invasion of others' rights;
- Involve the use of obscenity or themes considered to be harmful to the normal development of impressionable pupils;
- Involve slanderous or libelous statements;
- Involve threats of physical violence; and
- Advertise or sell products or services for unauthorized commercial gain.

DISSEMINATION OF PRINTED MATERIAL
The principal must approve before printed material is disseminated or posted on school grounds. Otherwise students are prohibited from disseminating printed material (leaflets, flyers, etc.). Students are prohibited from posting information on school grounds. Violators will be subject to disciplinary actions including, but not limited to, removal of all related material from campus, restitution, ASD, ISS, or OSS.

DRIVER’S TEST
A student scheduled by the Motor Vehicle Department for a driver’s examination during school hours is required to pick up an official form from the attendance office prior to the appointment. This form must be completed and returned to the office prior to the test, and the student will be excused for a maximum of two and one-half hours. No student will be excused to accompany another student who is being tested. No student will be excused to receive a driver permit. A student who takes time off will receive an unexcused absence for each class missed.

DROPPING OR CHANGING COURSES/CTE PROGRAM
Changing course levels or courses will only be considered when a grave error in scheduling, course level misplacement, or change in IEP is noted. All other requests for change of course, teacher, or CTE program will not be considered.

EARLY DISMISSAL REQUESTS
We are legally responsible for the care, safety, and wellbeing of all students, regardless of age, until such time as they are released into the trust and care of a parent, guardian, or emergency contact listed in PowerSchool. Students should not request early dismissal from school for purposes of Medical/Dental appointments or other such personal appointments which can be made on the student’s own time.

A Parent/Guardian picking up a student during the school day is required to present official identification (driver’s license and/or picture I.D.). A student will not be released from school without presentation of valid identification. An unexcused absence will be recorded for every course missed.

Please note the following with regard to signing-out process:

1. No student (unless enrolled in an off-campus STC position), regardless of age, are permitted to leave campus unless a parent, guardian, or emergency contact listed in PowerSchool signs the student out through the Attendance Office.

2. Emancipated or independent students must have an emergency contact on file in PowerSchool whom we can contact for dismissals.

3. If an emergency contact listed in PowerSchool arrives on campus to sign a student out, the parent or guardian will be called and verification/authorization must be obtained prior to the student leaving.

EMERGENCY SCHOOL CLOSINGS
In the event of snow days or other emergency school closings, our Automated Emergency Phone Message will be activated and announcements will be placed on our website.

EXCUSED FROM PHYSICAL EDUCATION
Since physical education is an activity class, one must take part in order to derive benefit from the course. Occasionally, a student may not feel well enough to participate in the activities even though she/he is present in school. On such occasions, the student should report before school to the school nurse with a note from a physician. A temporary excuse up to three consecutive days may be granted by the nurse. An excuse for more than three days will be granted with the presentation of a doctor’s note.

- A student who does not participate in physical education for a class period will not be allowed to make up the lack of participation. The student will earn a “0” for the class.
- A student, who is medically excused from participation for any reason, may be assigned a written report on related activities. The requirements will be set up by the instructor with approval of the supervisor. Students who are excused from participation are to remain in the class unless reassigned by the supervisor.
- Athletes are excused from participation only upon the approval of the supervisor.
- Students, who are 18 years or older, are to have their excusable notes submitted to the Physical Education
supervisor prior to the class. The supervisor will approve or disapprove the note. Only one note will be approved per marking period, unless there are extenuating circumstances.

FIELD TRIPS
Appropriate behavior and dress are required of all students and all school rules (re: smoking, drugs and alcohol) apply. Any student going on a school-sponsored trip must have the written permission of a parent before leaving on the trip. Permission forms will be provided by the teacher in charge at least two weeks before the trip. Students must remain with the group at all times, and no student will be permitted to leave the group early or remain when the group returns. No student is required to participate in a field trip, and those who do not participate will not be penalized but are expected to attend school as usual. On specific trips, students may be asked to dress more formally than required at school. Jackets and/or dress shirts and ties for boys and conservative apparel for girls are considered proper on these trips. Eligibility to participate in school trips may be limited or revoked based on a student’s academic status, attendance records, and/or disciplinary concerns.

FIGHTING
Any student who engages in a fight will, without question, be suspended from school for a minimum of 10 days. Further instances of fighting will result in suspension for a longer period of time. The Assistant Principal will meet with the student and a parent before the student is readmitted to school.

FINAL EXAMS
Final Exams are required and will be administered to all students, regardless of academic standing or achievement.

FINAL EXAM MAKE-UP POLICY
- No student will be approved to take final exams prior to their regularly scheduled time unless they are involved in a school approved activity.
- Students participating in school approved activities will be provided the option of taking final exams when they return or waiving the final exams with the approval of the school administration and faculty. Final grades will be computed based on work completed prior to the final exam schedule.
- Requests for the early administration of final exams for vacation travel, school visitsations, camp experience, etc. will be denied. Students who choose to miss regularly scheduled exams must make-up the exam no later than 10 days after the close of the school year.
- Incomplete final exams will be changed to a grade of “F” after this time limit has been exceeded. Students on approved medical leave during the final exam schedule will take them as soon as they are physically able to do so.
- The final exam will be administered by a bedside instructor or taken in the Guidance Office during the summer, under supervision.

FINES/OBLIGATIONS
Monetary fines will be issued to students should any damage to, or loss of, issued school property take place during the school year. This may include, but is not limited to, lost, stolen, or damaged locks, lost, stolen, or damaged textbooks, lost, stolen, or damaged ID cards, damaged school equipment, and outstanding balances due to a school organization. Students who do not pay fines to the school will have their diplomas withheld until the fine(s) is collected.

FUND RAISING
The Board prohibits the collection of money in school or on school property or at any school-sponsored event by a pupil for personal benefit. Collection of money by school organizations approved by the Board shall be approved by the Principal. Collections by organizations outside the schools or by pupils on behalf of such organizations must be approved by the Superintendent.

GRADING
The student must meet requirements of the course/subject and must achieve a minimum grade of 65 for a final passing grade. A minimum grade of 50 has been established each grading period in an effort to provide students ample opportunity to pass coursework and overcome significantly low grades during the year. The “floor” of 50 will be removed during the administration of final exams. Honors and Advanced Placement courses are “weighted” to reflect the quantity and quality of coursework required for successful completion of these courses. As a result, students enrolled in these courses will receive one additional quality point toward their grade point averages for the Honors or Advanced Placement course they are enrolled in.

GRADUATION REQUIREMENTS
Satisfactory completion of the following academic and CTE course credits shall qualify a pupil for the award of a State endorsed diploma:
All students must earn a minimum of 167.5 credits in courses designed to meet all of the New Jersey Core Curriculum Content Standards including, but not limited to, the following credits:

GRIEVANCE PROCEDURE
The Board of Education has established a policy, which recognizes the rights of students, parents, and citizens to grieve educational and/or administrative issues relating to the public schools. Briefly, our grievance procedure follows these steps:

1. Grievant will attempt to resolve any problem with the staff member and his/her supervisor through a formal conference. If the problem is not resolved, then a formal grievance procedure begins at Step 2.
2. The matter will be reported to the Principal who will take reasonable and prudent steps to resolve the complaint. A conference will be held between the school principal and the grievant.
3. If problem is not resolved with the Principal, the grievant may request a conference with the Superintendent of Schools.
4. If grievance is still unresolved after a meeting with the Superintendent of Schools, the grievant may request a hearing with the Board of Education. In some cases, it may be necessary to include a meeting with the affirmative action officer. Also, there may be other instances where issues arise, which cannot be resolved at the district level and may include an appeal to the Commissioner of Education.

HALL PASSES
Official hall passes are mandatory whenever a student is excused from class, even if only going outside the class/shop. The teacher’s decision to issue or not issue a pass is final. The teacher is not required to issue a pass merely because the student requests one. Students are not permitted to wander around the school. Hall passes are required at all times to go to the lavatory, library, offices and other classes/shops. Hall passes must be given/shown to the teacher/security monitoring the area. It is the student’s responsibility to have a hall pass. Disciplinary action will be taken against students possessing and/or attempting to utilize unauthorized or otherwise fraudulently passes to gain access to unassigned areas of the building. It is the responsibility of the student to obtain a pass when necessary. Students found in the hall during class, shop or cafeteria periods without an official pass will be escorted to the Discipline Office or any Supervisor’s Office for disciplinary action.

HARASSMENT, INTIMIDATION, AND BULLYING
The Board of Education authorizes a prompt investigation of reports and violations of harassment, intimidation and bullying in accordance with the provisions of N.J.S.A. 18A:37-15(b)6. The following investigation procedure shall be used for all allegations of harassment, intimidation, or bullying:

- An investigation shall be initiated by the Principal or the Principal’s designee within one school day of the report of the incident and shall be conducted by a school’s Anti-Bullying Specialist.
- The Principal may appoint additional personnel who are not school Anti-Bullying Specialists to assist in the investigation.
- The investigation shall be completed as soon as possible, but not later than ten school days from the date of the written report of the incident of harassment, intimidation, or bullying.
- In the event that there is information relative to the investigation that is anticipated but not yet received by the end of the ten-day period, the school Anti-Bullying Specialist may amend the original report of the results of the investigation to reflect the information.
- The results of the investigation shall be reported to the Superintendent of Schools within two school days of the completion of the investigation, and in accordance with regulations promulgated by the State Board of Education pursuant to the “Administrative Procedure Act,” P.L.1968, c.410 (C.52:14B-1 et seq.).
- The Superintendent of Schools may decide to provide intervention services, establish training programs to reduce harassment, intimidation, or bullying and enhance school climate, impose discipline, order counseling as a result of the findings of the investigation, or take or recommend other appropriate action.
- The results of each investigation shall be reported to the Board of Education no later than the date of the next Board of Education Meeting following the completion of the investigation, along with information on any services provided, training established, discipline imposed, or other action taken or recommended by the Superintendent.
- Parents or legal guardians of the pupils who are parties to the investigation shall be entitled to receive information about the investigation, in accordance with Federal and State law and regulation, including the nature of the investigation, whether the district found evidence of harassment, intimidation, or bullying, or whether discipline was imposed or services provided to address the incident of harassment, intimidation, or bullying. This information shall be provided in writing within five school days after the results of the investigation are reported to the Board of Education.
- A parent or legal guardian may request a hearing before the Board of Education after receiving the information.
- This hearing shall be held within ten days of the request;
- The Board shall meet in executive session for the hearing to protect the confidentiality of the pupils; and
At the hearing the Board may hear from the school Anti-Bullying Specialist about the incident, recommendations for discipline or services, and any programs instituted to reduce such incidents.

The Board's decision may be appealed to the Commissioner of Education, in accordance with the procedures set forth in law and regulation, no later than ninety days after the issuance of the Board's decision.

A parent, pupil, legal guardian, or organization may file a complaint with the Division on Civil Rights within one hundred eighty days of the occurrence of any incident of harassment, intimidation, or bullying based on membership in a protected group as enumerated in the “Law Against Discrimination,” P.L. 1945, c. 169 (C.10:5-1 et seq.).

HOME INSTRUCTION
For those students who are medically unable to attend school for 10 or more consecutive days, bedside instruction can be provided upon receipt of both a medical doctor’s note and also a parent/guardian note requesting home instruction. Certified teachers will provide instruction providing an adult is present in the home during the visit. The doctor’s note must include:

- The nature of the disability
- Assurance that the condition is not infectious
- Approximate recuperation time
- A student’s re-entry requires a second doctor’s note indicating that the student is fit to return to school.
- While a student is receiving Home Instruction, the student shall not be permitted to participate or attend any school sponsored activities.
- While a student is receiving Home Instruction, the student shall not be actively employed in either a school sponsored School to Career employment position or a non-school sponsored employment position.
- Students on Home Instruction for an extended period of time will receive an Incomplete (I) for all coursework until such time as the teacher(s) can assess the student’s work and an appropriate determination of a grade can be made.

HONOR ROLL
- Principal’s Honor Roll: An average of A- in all subjects, with no subject lower than a B.
- Honor Roll: An average of B+ in all subjects, with no subject lower than B-.

HONORS/AP COURSES:
Students are determined to be eligible for Honors/AP courses based on academic performance, teacher recommendation and satisfactory performance on standardized tests. All students enrolled in AP courses must take the AP exam.

ILLNESS
If your child has a persistent illness, upset stomach, contagious illness or has had a fever greater than 100 degrees F. in the 24 hours before the start of the school day, s/he should be kept home from school, symptom-free without medication, for 24 hours. In the event your child has contracted a contagious illness, i.e. influenza, strep, chicken pox, whooping cough, MRSA, Coxsackie’s, etc., please notify the school nurse so that this illness may be recorded on the student’s health record and the nurse can monitor the possible spread of communicable diseases within the school building.

LAPTOPS (PERSONAL LAPTOPS)
The use of technology to provide educational material is not an entitlement but a privilege. Students and parents/guardians participating in Bring Your Own Device (BYOD) must adhere to the Student Code of Conduct, as well as the Computer Systems Acceptable Use Agreement as stated in the Student Handbook.

- The student and parent take full responsibility for his or her technology device. The school is not responsible for the security of student-owned technology.
- The student will maintain confidentiality of usernames and passwords and protect the confidentiality and safety of others when sharing work or images.
- The student will refrain from sending any form of communication that harasses, threatens or is discriminatory.
- The student accesses only files on the device or Internet sites which are relevant to the classroom curriculum.
- The student and parent will only access the Internet using the PCTI wireless connection while on campus.
- The student and parent acknowledge that the PCTI network filters will be applied to one's connection to the Internet and will not attempt to bypass them.
- The student and parent understands that infecting the network with a virus or program designed to
damage, alter, destroy, or provide access to unauthorized data or information is in violation of the AUP policy and will result in disciplinary actions.

- The student and parent realizes that processing or accessing information related to “hacking”, altering, or bypassing network security policies is in violation of the AUP policy and will result in disciplinary actions.
- The school has the right to collect and examine any device that is suspected of causing problems or being the source of an attack or virus infection.
- PCTI will not “push” applications to the student’s personal laptop or mobile device. Approved educational applications are only “pushed” to PCTI-owned laptops and mobile devices.
- PCTI will not manage the settings, wireless connection from home, updates, or device at any time.
- All issues with the device’s performance, updating, settings, wireless connection from home will be the sole responsibility of the student or parent.
- PCTI will not provide filtering of Internet sites, content, or material when the student is using their device off campus.

**LAPTOPS (SCHOOL-ISSUED LAPTOP)**

Access To Internet Material
In accordance with the “Children’s Internet Protection Act” (CIPA), Passaic County Technical Institute will use appropriate filtering measures to limit the exposure of students to indecent or objectionable material on the Internet while the device is connected to the school network. Furthermore, District staff will monitor student use of the device while on campus and provide guidance in the appropriate use of the device and the access to the global Internet. Parents/guardians agree to monitor the student use of the device while off campus and are encouraged to establish rules of usage with the student.

Bringing The School-Issued Laptop To School
It is imperative that students bring their School-issued laptop and charging unit to school each day for their learning. Teachers will be designing their lessons and classrooms based on students having access to their School-issued laptop. The School-issued laptop must be kept in the carrying bag at all times when it is not being used.

Charging Of School-Issued Laptops
It is the students’ responsibility to have their School-issued laptops charged each day when they come to school. During a normal school day, a typical School-issued laptop fully charged (through a normal electrical outlet) can be used the entire day for classes with no additional charging required. The school cannot allow “one student” to charge a School-issued laptop during class due to the disruption to the learning environment that this may cause. If a student comes to class with a School-issued laptop that is not charged, specific academic consequences may occur for the student. Establish a routine at home for the charging of the School-issued laptop so that it can charge overnight. The charging time of the School-issued laptop and responsibility is very similar to the charging of a cell phone.

School-Issued Laptop Bags
Each student is given a School-issued laptop bag that they are required to use to carry their School-issued laptop in during the school day and outside of school. It is specially designed for the School-issued laptop that students are using. It is important to keep the bag clean, and take time to remove any items like paper clips that can scratch the exterior of your School-issued laptop. Static electricity may develop in the bag during the cold, dry winter months, and a simple solution to reduce this problem and to keep your bag smelling fresher is to put a dryer sheet in your bag.

School-Issued Laptop Damages And Care
If a School-issued laptop is damaged the school needs to be notified immediately. If a student damages a laptop, the student/student’s family is responsible for paying repair costs according to the Cooperative Loss Agreement. If a laptop is intentionally damaged, judged by the administration to be intentionally damaged, or is severely damaged due to the student’s negligent or irresponsible behavior, the student will be responsible for paying the entire cost of repair or replacement. A student who does not have a School-issued laptop at the time due to a School-issued laptop being damaged accidentally will be allowed to use a School-issued laptop from school and be allowed to take it home.

School-Issued Laptop Problems
It is a student’s responsibility to maintain a 100% working laptop at all times. If the student’s School-issued laptop is not working properly, the student needs to take the School-issued laptop to the Technology Office. If the School-issued laptop cannot be fixed immediately, the student will be issued a different School-issued laptop to use on a temporary basis. Do not attempt to remove or change the physical structure of the School-issued laptop, including
keys, screen cover or plastic casing. Doing so will void the warranty, and the student/family will be responsible for 100% of the repair or replacement cost.

**Damage Fees**

Students and families are financially responsible for a fine (payable to Passaic County Technical Institute) for damage to the school-issued laptop. Students who accumulate a third occurrence of damage to the school-issued laptop will no longer receive a school-issued device.

**Electronic Recording Capabilities**

Any electronic recordings obtained with the device must be for instructional/educational purposes only. Students must obtain prior approval from a staff member in order to use the audio, image or video recording capabilities of the device. Students should ask all individuals being recorded for their permission before start the recording. No recording should start without the permission of all the individuals being recorded. In addition, electronic recordings obtained with the device may not be shared, published or re-broadcasted for any reason by the student without obtaining the permission of the district and all individuals present in the recording. Furthermore, students should be aware that State and Federal laws in many instances prohibit secret or recording undertaken without the knowledge and consent of the person or persons being recorded. Violations of State and Federal recording laws will be reported to the proper authorities and may result in criminal prosecution.

**Laptop Care Reminders**

Keep your School-issued laptop in a safe place. The School-issued laptop bag, with the School-issued laptop and other equipment, must be stored in a safe place (lockers at school during non-class times). Do not leave the School-issued laptop on the floor where it might be stepped on or within reach of small children or pets. Don't leave it in a car or anywhere it might be exposed to extreme temperatures. Laptops left in bags in unattended classrooms or other areas are considered “unattended” and may be confiscated by faculty or staff as a protection against theft. If confiscated, the student will receive a warning before getting the laptop back. If the laptop is confiscated a second time, the student may be required to get a parent signature acknowledging financial responsibility before getting the laptop back, along with other potential appropriate consequences. Unattended and unlocked equipment, if stolen - including at school - will be the student’s responsibility. Exposure to liquids will severely damage a laptop and will result in large repair costs. Water, soda, juice, power drinks, coffee, etc. will all ruin your School-issued laptop completely. Keep your friends' food and liquid away from your laptop. Open cans of soda and cups of coffee (even those with lids) are especially dangerous. Do not put a bottle of water/soda/etc. in your backpack with your laptop, even if it is sealed.

**Loss Fees**

Students and families are financially responsible for full reimbursement (payable to Passaic County Technical Institute) for the loss of the school-issued laptop.

**Only One User**

Do not allow anyone else to use your School-issued laptop other than your parent or guardian. Loss or damage that occurs when anyone else is using it will be your responsibility.

**Privacy**

The Administration reserves the rights to examine, restrict, or remove electronic data from devices assigned to students. Students and their parent/guardians understand the assigned device may record or collect information on the student's activity or the student’s use of the device. Students and parents/guardians further understand that all communication sent or received while connected to Passaic County Technical Institute network infrastructure and services can potentially be recorded and archived. The District reserves the right to share any of such archived records with law enforcement authorities if deemed appropriate by the District. In addition, the District reserves the right to use the geolocation features of the device to track its location in case it is lost or stolen. The District shall not use any of the recording or geolocation capabilities of the device in a manner that would violate the privacy rights of the student or any individual residing with the student.

**Software And Applications**

Students are allowed to install software (“apps”) on the device. The Technology Department reserves the right to audit and remove any software in the student assigned device at any time. Students and parents/guardians understand that the Technology department may require the installation of software that will have access to personal information stored in the student assigned device (e.g. Mobile Device Management software). Students and their parents/guardians agree to install and not to tamper with any software the Technology Department requires in the student assigned device. Furthermore students and their parents/guardians agree not to unlock locked-out features, gain elevated access, or replace the operating system provided with the device.
Student Access To Internet
At school, students will have access to the Internet through the school server. When not at school students can access the Internet if they have Internet access available to them in their home or other locations. The security system of the school will also be in place when students access the Internet outside of the school. Therefore, sites that are “blocked” at school will also be “blocked” in all other locations where students access the Internet. Parents are recommended to monitor their student’s time on the School-issued laptop along with their activities on the School-issued laptop during their 24/7 access at home.

Students Access & Monitoring
Ultimately, the School-issued laptop is the property of the school, and the school has the right to determine what is appropriate and to search the School-issued laptop if necessary at any time. The district’s website monitoring software that allows the district to block websites which are inappropriate for students whether they are accessing the web via the district wireless network or if they are connected to the Internet in their homes. This software also includes screen monitoring which allows school employees or classroom teachers to monitor multiple student laptop screens at one time. Student Use In Classrooms
Students will be required to take their School-issued laptop to each classroom each day, unless told differently by the teacher for that specific day. Teachers may request at any time for students to shut their School-issued laptops.

Three-Strike Rule
The district reserves the right to decline issuing a school-issued laptop to any student who incurs a third Damage or Loss Fee. Students who are denied the privilege of school-issued laptop will be required to bring their own laptop device to school

LOCKERS/LOCKER ASSIGNMENTS
Every student has been assigned a locker and will be provided with a school-issued lock. Only school-issued locks are permitted on any school locker. Students are not permitted to arbitrarily change their lockers or to share with another student. Students who are found to be in violation will be assigned disciplinary consequences. Students will be responsible to pay a replacement fee at the conclusion of the school year for lost or damaged locks. Physical education locks are issued to every student. Student lockers (corridor and physical education) are the property of the board of education and are on loan to the students. Although the US Constitution protects all citizens against unreasonable search and seizure, the courts have consistently ruled that school officials have the responsibility to protect all students and have the right to search school lockers.

School lockers are to be used to store school-related materials and items of personal dress. No flammable or explosive materials, alcoholic beverages, drugs or any dangerous substances or articles are to be kept in any locker. Violators are liable to immediate suspension from school. No graffiti or other material is permitted on any locker. The occupant of a locker is responsible for the removal of graffiti and other objectionable material. Students and their parents are liable for damage to any school locker. Students should report any locker problems to the Discipline Office.

LOST OR STOLEN ARTICLES
The board has theft insurance coverage for property and equipment owned by the board. We do not have any insurance that covers theft of property owned by parents, students, or staff. Any such items, if stolen, would be more properly covered under the parent’s homeowner’s policies. Students must keep their school lockers closed and locked at all times and should not give their combination to other students.

Medications, along with written orders by the doctor, should be brought to the school nurse’s office on the first day of school, or as soon as the medication is prescribed during the school year. Medications must be brought to school by a parent or guardian. Unused medication and/or supplies must be picked up by the parent/guardian on the last day of the school year. Medications which have been prescribed as a self-administered medication may be sent home with the student provided that the end of the year letter authorizing such is returned to the school nurse. Safety in a CTE course is a very important concern for everyone. Specific CTE safety rules and regulations provide safety standards to govern the use of tools, machines, equipment, and protective devices. The CTE teacher is held responsible for the condition of the CTE tools and equipment, and he/she shall have full authority for its uses for instructional purposes. Accident prevention is everyone’s concern and as such, requires every student participating in CTE education to be responsible for his/her safety. Students must carefully follow teacher instructions. SCHOOL DISCIPLINE

School discipline begins with a sound instructional program and a dedicated, involved professional staff. The teacher is by far the primary disciplinarian in any given situation whether it be in the classroom, hallway, cafeteria, athletic event or any other area or activity where the teacher may be present. Discipline may be required to correct inappropriate behavior that is preventing students from doing their best in school or adversely affecting others.

The staff member’s actions may include one or more of the following: individual student-counselor-teacher conferences, teacher-parent conferences, administrator-teacher conferences or After School Detention. More serious infractions of the rules may require In-School Suspension, Out-Of-School Suspension or Expulsion.

After School Detention is used to address less serious infractions while keeping students in school and classes. Students are to report to After School Detention no later than 3:05 pm. and remain until dismissed. Students are required to complete a prepared detention assignment. Students are required to wear the PCTI student uniform, student ID and lanyard and comply with the rules set by the ASD instructor.

In-School Suspension is to be used for those infractions of school policy and procedure, which do not require immediate removal from school. A student is suspended from his/her regular schedule to attend corrective instruction in a classroom setting. Students complete assignments in order to remain up to date in each class. Students assigned ISS are not permitted to participate in extracurricular activities outside of tutoring.

Out-Of-School Suspension is assigned for major infractions and for continued misconduct. A student assigned Out-Of-School Suspension may not come to school for any reason during the length of the suspension and my not take part in any school activity. A parent conference is required and students will not be admitted to any class without a “Readmit from OSS” pass from the Assistant Principal in charge of Discipline. Long Term Suspension or Expulsion may be called for when the Assistant Principal and staff have exhausted all means of correcting misconduct. The student may be brought before the Principal with a recommendation for expulsion.

SCHOOL-TO-CAREERS OFFICE

This program is available to students in the twelfth grade and a select number of eleventh graders. Students are offered a carefully supervised employment experience in their CTE career major during the school day. Students participating in School-To-Careers education attend school each day for their academic classes. The time during the school day ordinarily devoted to the career program is spent in the working environment, under the guidance and direction of certified instructors. Participation in this program gives students an opportunity to explore the realities of employment and to develop expertise in the career they are studying.
SPORTS PHYSICAL EXAMINATIONS
All students who expect to try out for a school sports team are required to complete a health history questionnaire and a physical examination. Documentation must be completed on a state approved form that can be obtained from the school nurse at any time during the school year. Examination dates are scheduled periodically throughout the school year and are conducted at least one month prior to the date of team tryouts.

Surveillance cameras have been strategically placed in various parts of the school for security purposes. Lockers, parking lots and other designated areas within the building are always subject to search if conditions warrant.

STATE TESTING
All students identified by the New Jersey Department of Education as needing to sit for a state exam (i.e. PARCC, NJ Science Test) are required to take the exam(s). PCTI does not recognize and will not accept "opt out" forms, letters, emails, or requests of any nature. Students who do not take state required exams may be placing their graduation eligibility at risk.

STUDENT ACTIVITIES
It is the goal of Passaic County Technical Institute for each student to enhance his/her high school experience by participating in clubs and organizations. These activities present opportunities for involvement in both competitive and non-competitive programs, some geared towards career goals. Additionally, some of our organizations have memberships on the local, state, and national levels. Participation is a student organization is a privilege and not a right - advisors and administrators reserve the capability to withhold participation in a student organization, activity, or event if a student demonstrates poor attendance, poor academic scores, or poor self-control.

STUDENT ASSISTANCE PROGRAM

Parents and students who seek assistance or would like additional information about substance abuse related support should contact the Guidance Department at (973) 389-4230 or the Student Assistance Counselors directly by telephoning (973) 389-7222 or (973) 389-4266.

STUDENT INFORMATION DIRECTORY/FERPA
Family Educational Rights and Privacy Act (FERPA), a federal law, requires that public schools provide notice to parents of the types of student information that it releases publicly. This type of information, commonly referred to as “directory information,” includes such items as the name of the student, address, and telephone number and is generally not considered harmful nor an invasion of privacy if disclosed. The primary purpose of directory information is to allow our schools to include this type of information in certain school publications. Examples include: snow closing call lists, yearbook, music concert programs, sports programs, honor roll lists, and graduation programs. Outside organizations include, but are not limited to, companies that manufacture class rings and publish yearbooks.

In addition, the federal law requires high schools to provide military recruiters, upon request, access to names, addresses, and telephone numbers of high school juniors and seniors listed in the student directory. The law also requires high schools to release information to colleges or other higher learning institutions, upon request, listed in
the student directory. If you do not wish the Public Schools to include your child’s name in the High School’s student directory, please notify the principal in writing by September 30, 2008. If we do not receive written notification by this date, your child’s name will be listed in the student directory.

STUDENT RECORDS
The Family Educational Rights and Privacy Act of 1974, New Jersey Statutes and Administrative Code, and the Board of Education require the school district to notify parents/guardians each year of their rights under the law. Parents/guardians have certain rights regarding their child’s education records and those rights are transferred to the student or former student who has reached the age of 18. According to the board of education policy and administrative guide, a complete set of state mandated records shall be kept for each student and include permitted information that contributes to the education, development and general well-being of the student. Guidelines also safeguard the private rights of students as individual citizens and limit access to the records. New Jersey Administrative Code 6:3-2.2(g) requires local boards of education to accord educational, occupational and military recruiters access to student directory information. Parents may request in writing to the chief school administrator that their child’s name be omitted from the student information directory; adult students may make that request in their own behalf.

The board recognizes the rights of parents/guardians or adult pupils to examine, challenge, and, if necessary, to correct data and official records of the student as provided by N.J.S.A. 18A: 36-19 and N.J.A.C. 6:3-2.6. Parents/Guardians or adult pupils may request that a school correct records believed to be inaccurate or misleading. If the school refuses to change, delete, or add to the records, the parent/guardian or adult pupil must notify the superintendent of schools in writing and a review meeting will be held. If necessary, an appeal to the board of education or the commissioner of education may be made. A record of the appeal and the outcome shall be made part of the student’s record.

Upon request of the parents/guardian or adult pupil, a record shall be reproduced, unless copyrighted, and the school district be reimbursed for the cost of reproduction according to the administrative guidelines. Upon graduation or permanent departure, a student from the school system, the parent(s) or adult student is entitled to a copy of the student’s record upon written request.

In accordance with state regulations, the following mandated student records are maintained:
- Personal data that identifies each pupil enrolled in the school district. This data shall include the pupil’s name, address, date of birth, name of parent(s), citizenship and sex of the pupil. The district board of education is prohibited from recording the religious or political affiliation of the pupil and/or parent unless requested to do so in writing by the parent and/or pupil. The district is also prohibited from labeling the pupil illegitimate.
- Record of daily attendance.

In addition, school personnel will rely on any information you have provided for school-sponsored events and field trips.

If your child has sustained an injury and requires crutches, cane, walker, etc., a doctor’s order must accompany the child upon his/her return. This order must state that the child has been taught how to safely ambulate the stairs using these devices. A doctor’s order must also accompany your child if he/she needs to be transported via wheelchair during the school day and/or need access to the school’s elevator.
STUDENT SEARCHES/RIGHT TO PRIVACY
Except as required by exigent circumstances, a request for the search of a pupil or a pupil’s private possessions will be directed to the Building Principal or designee who shall, whenever feasible, first request the freely offered consent of the pupil to the inspection. A search will be conducted by the Principal or Assistant Principal in the presence of the pupil and another administrator. Under no circumstances shall any pupil be subjected to a strip search or a body cavity search.

A search prompted by the reasonable belief that the circumstances are exigent and pose an immediate threat, will be conducted by any teaching staff member with as much speed and dispatch as may be required to protect persons and property. The Principal shall conduct a pupil search on the request of a law enforcement officer only on presentation of a duly authorized search warrant or on the voluntary and knowing consent of the pupil or when the Principal has independent grounds to suspect the presence of an incriminating object. The Principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a pupil.

SUMMER SCHOOL
A student with a final grade of F in a required academic or elective course is expected to take that course in a credit recovery program. There are no credit recovery programs for any of the CTE courses. Students who wish to advance their academic standing by enrolling in an approved summer school program course must obtain permission from their counselor. Summer school grades are given equal weight and averaged in with all subjects for rank in class.

SUSPENSIONS
In any case where suspension is being considered, the student will be provided due process (an opportunity to explain the circumstances and his/her actions, which are under investigation). The parent shall be notified by telephone and mail. Students under suspension are not permitted on school property. Before the student is re-admitted to school, a conference with the parent will be required.

Out-Of-School Suspension (OSS)
Out-of-School Suspension will be assigned for major infractions and for continued misconduct of a minor nature. A conference will be conducted with the student prior to the suspension. A student assigned Out-of-School Suspension is not permitted to come to school for any reason during the length of the suspension and may not take part in any school activities, during or after school, until reinstated into school. This includes after school sports events and/or school related functions.

An in-school parent conference is required for all re-admits from OSS prior to student returning to school. Students returning from OSS will not be admitted to any class without a “Re-Admit from OSS” pass from an Assistant Principal. Students who come to the school during an OSS assignment will be charged with illegal trespassing.

In-School Suspension (ISS)
The goal of the In-School-Suspension Program is to provide an educational environment within the school building to promote positive student behavior. In-School Suspension is to be used for those infractions of school policy and procedure which do not require immediate removal from school. A student is removed from his/her regular schedule to attend corrective instruction in a classroom setting. Students assigned In-School-Suspension will not receive a zero in each class missed nor will they be denied competency tests or other work missed. The student’s teachers will be required to submit assignments whenever a student enrolled in his/her course(s) name appears on the Daily Suspension Roster.

Student responsibilities when issued ISS:
• To report to ISS location on time.
• To bring a laptop and items needed to complete assignments.
• To demonstrate proper conduct and abide by all rules/regulations.
• To return completed assignments by the end of assigned ISS time
• Not to leave ISS without the teacher’s permission.
• To make-up any lost ISS time before returning to regular classes.

Parents of students with disabilities may be required to meet with the Child Study Team (Case Manager) to develop a behavior intervention plan and behavior contract. Failure to attend or comply with the rules of ISS will result in Out of School Suspension (OSS).

SUSPENSION APPEALS
Students placed on Short-Term Suspensions (defined as 9 days or fewer) are not able to have a suspension term “held off” until an appeal is heard. However, Long-term Suspensions (defined as Out-Of-School Suspension for 10

Failure to pay fines or obligations upon notice of such will result in the school withholding a PCTI diploma.

Additional violations will be subject to extended periods of suspension. School bus transportation is provided by sending districts and is not the responsibility of the PCTI Board of Education. Students, who change residence during the school year, must contact their new district of residence to arrange transportation. Change of address information must also be submitted to PCTI’s guidance department and the ID/Transportation Office. Students must board their designated bus at all times, failure to board proper bus will result in disciplinary actions. Students suspended from bussing privilege will be responsible for acquiring their own transportation to and from PCTI.
TRIMESTERS
Passaic County Technical Institute is committed to providing an educational experience that is exceptional, non-traditional, and focused on college and career readiness for all students. In keeping with our progressive mission, beginning with the 2017-2018 school year Passaic County Technical Institute instituted a trimester grading cycle.

With a trimester grading cycle, each trimester will be 60 days in length and will be weighed accordingly:

<table>
<thead>
<tr>
<th>Semester</th>
<th>Weighting</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Term</td>
<td>25% of final grade</td>
</tr>
<tr>
<td>Winter Term</td>
<td>30% of final grade</td>
</tr>
<tr>
<td>Spring Term</td>
<td>35% of final grade</td>
</tr>
<tr>
<td>Final Exam</td>
<td>10% of final grade</td>
</tr>
</tbody>
</table>

This term weighting system provides struggling students with an opportunity to demonstrate progress in their courses while maintaining significance of grades and assessments. Although students will receive fewer report cards in the trimester grading schedule (three instead of the typical four), progress reports will be continue to be issued midway through each term. Each grading term will be identified as R1 (Fall Term), R2 (Winter Term), or R3 (Spring Term) in PowerSchool.

TRUANCY

- Leaves class because of illness and does not report to the school nurse as directed, or
- Is present in school but is absent from class without approval. Such truancy from class is a “class cut.”
